

Wireless Communications Facilities Detail Sheet

(Updated May 16, 2019)

Below is a list of sites that host wireless communications facilities and is keyed to the associated map. The data for each location contains the applicant name (at time of application) for each wireless facility, the year of the application, and the type of facility. The number of applications for a particular site does not necessarily equate to the number of wireless communication providers on that site due to carrier consolidation, non-action, discontinuance, and subsequent applications for upgrades on an established site.

Please contact the Planning Division at (619) 667-1177 for additional information.

Site	Address / Year	APN / Carrier	Zoning / Description	# of Carriers / Project	CUP Expiration	Permit
1	7777 Alvarado Road	470-020-17-00	C-D	3		
1a	1992	US West Cellular	Rooftop Panel Antennas on Multi-story Office Building	DAB 91-27		
1b	1995	Pacific Bell	Panel Antennas on Multi-story Office Building	DAB 95-18		B95-00253
1c	1998	GTE Mobilenet	Panel Antennas on Multi-story Office Building			
1d	2011-12	AT&T	Panel Antennas – Expired	DAB/DRB 11-01		B12-299
1e	2015	AT&T	Modify/Change Out Antennas			B14-020 (expired); B15-411 (final)
1f	2016	T-Mobile	Change Out Antennas – Expired Application			B16-1016
1g	2017	AT&T	Modify Facility – Approved / Not Constructed			B17-052
1h	2018	T-Mobile	Modify/Change Out Roof-Mounted Antennas: Remove (6), Install (8) – Permit Issued	DAB 91-27		B18-646
1i	2018	AT&T	Modify Existing Antennas – In Plan Check	DAB 95-18		B18-192

Site	Address / Year	APN / Carrier	Zoning / Description	# of Carriers / Project	CUP Expiration	Permit
2	7840 El Cajon Boulevard	470-111-32-00; and -13-00 / -14-00	RB-D-MU & C-D-MU	4
